**Notice regarding determination of repurchase and cancellation of own investment units
(Repurchase of own investment units based on the provisions of Article 80-5 of the Act
on Investment Trusts and Investment Corporations, and cancellation of own investment
units based on the provisions of Article 80, paragraph 2 and paragraph 4 of the Act on
Investment Trusts and Investment Corporations)**

LaSalle LOGIPORT REIT (“LLR”) announces that it has decided to repurchase own investment units (the “**Repurchase of Own Investment Units**”) based on the provisions of Article 80-2 of the Act on Investment Trusts and Investment Corporations (the “**Investment Trust Act**”), which is applied by replacing the terms and phrases pursuant to the provisions of Article 80-5, Paragraph 2 of the Investment Trust Act at the board of directors meeting held today.

In addition, LLR has decided to cancel its own investment units based on the provisions of Article 80, Paragraph 2 and 4 of the Investment Trust Act, as outlined below.

1. Reason for the Repurchase of Own Investment Units

LLR has been pursuing a capital strategy with careful consideration of its cost of capital and investment unit price in light of the current capital market environment, while implementing portfolio management initiatives aimed at building a portfolio with internal growth upside potential.

Against this backdrop, as announced today in the press release entitled "Notice regarding disposition of domestic real estate trust beneficiary interest," we have decided to dispose assets in response to the continued inversion of capital costs between the real estate and capital markets. Through this disposition, we plan to return the resulting disposition gains to unitholders over the next three fiscal periods.

Of the proceeds expected to be received from the disposition during the fiscal period ending February 2027, we have resolved to allocate approximately 80% toward the repurchase of own investment units, having determined that such use of the disposition proceeds would contribute to enhancing capital efficiency and unitholder value in light of the current level of our unit price.

2. Content of matters related to the Repurchase of Own Investment Units

(1) Total number of investment units to be repurchased	71,500 units (maximum) (4.3% of the total number of investment units issued and outstanding (excluding the number of own investment units)) ^(Note1)
(2) Total amount of investment units to be repurchased	10,000 million yen (maximum)
(3) Repurchase method	Open market repurchases on the Tokyo Stock Exchange based on a discretionary trading agreement with a securities company for the repurchase of own investment units
(4) Repurchase period	From September 24, 2026 to September 22, 2027 ^(Note2)

If either the above maximum total number of investment units that can be repurchased or the above maximum total amount of investment units is reached by the day before the end of the above repurchase period, such point in time will be the end of the repurchase period.

In addition, if the securities company that has been given discretionary trading authority regarding the repurchase of own investment units (the “**Discretionary trading securities company**”) determines that there is a risk of exceeding the upper limit of either the total amount or the total number of investment units that can be repurchased due to additional purchases from the next day onward during the period from the beginning of the repurchase period to the day before the end of the repurchase period, the Discretionary trading securities company may terminate the execution based on the judgment, and the execution end date will be the end of the repurchase period.

Notes:

1. This represents the ratio to the total number of investment units outstanding as of the end of the fiscal period ending August 31, 2026.
2. The repurchase period excludes the five-business-day period ending on (and including) February 28, 2027 and August 31, 2027, which are the last days of the respective fiscal periods.

3. Cancellation of own investment units

All of the own investment units repurchased during the fiscal period ending February 2027 (the 22nd fiscal period) based on the Repurchase of Own Investment Units and held by LLR as of February 28, 2027, will be cancelled on February 28, 2027. The specific number of own investment units to be cancelled will be announced once again.
